

Hello all,

Sending out this newsletter a little early as I have been accepted to show in the **"D Art Slam"** next weekend at the **Fashion Industry Gallery (f.i.g)** on **1807 Ross Avenue** (right next to the Dallas Museum of Art).

**I'll be there all three days and have 12 feet to show approximately 15 works along with 100 other artists ...so I hope to see you stop by!**

## TRAVELS:

A little less travel than usual this first half ...just to **Montreal** and **Atlanta**. I have been to Montreal 3 times now, and each time it has been in the dead middle of winter ...I certainly need to go in the summer next time! Regardless of the cold, it is a beautiful city with a great European-like older section allowing me to capture and create modern 'Cortes'esque street scene in "Place Jacques-Cartier."

## GLOBAL NOTERIETY? :

Well to be honest I don't have collectors throughout the globe...yet ;) However my net advertising campaign is building up steam. A friend mentioned for me to add **Google Analytics** to my site to see info about visitors to my site. I was incredibly (and pleasantly) surprised to see **visitors from all over the world** [FYI: somehow Google can locate IP addresses locales (for better or worse;)].

Sorry, but I just have to brag a little after hours and hours of hard 'net' work. In just the first month of gathering information there were visits from **Auckland, New Zealand to Edmonton, Canada, São Paulo, Brazil to Tampere, Finland** all in just one month!

## SALES:

**"Austin Lunar Eclipse"** has found a new home.

Now offering **20% off** due to the current economic climate...because you still need to own original art.

\* Except those works in galleries which remain subject to the galleries' existing terms and offers.

Additionally, works can be purchased on a **12 month, zero interest, payment plan with a 20% down payment.**

## CHARITY DONATIONS & PUBLIC COLLECTION:

**USS Makin Island (LHD-8)**

**"Marine Corps Flag"** was successfully auctioned off this spring at a charity ball for the Navy and Marine Corps Relief Society. It was purchased by an executive of Northrop Grumman and generously donated **to be displayed aboard the brand new USS Makin Island - Amphibious Ship** (and a big one! ...it's an amphibious aircraft carrier). Pretty humbling for this former Marine's work to find such a unique home!

**"Maverick Excitement"** was also successfully auctioned off this spring at the ArtforDarfur charity event (destination is still unknown to me) at the Owen Fine Arts Center at SMU.
